Sir:

REQUEST FOR CORRECTED PTO-1449 FORM

Applicant respectfully requests correction of a readily apparent typographical error on the PTO-1449 form for the Information Disclosure Statement filed on July 7, 2005 in this patent application. In particular, the patent number for the Garceau et al. patent should be 4,541,432, rather than 4,451,432. The patentee's name and the patent issue date are correctly shown on the PTO-1449 and on the International Search Report of PCT/EP2004/000724, which was submitted in the IDS and considered by the examiner. Applicant respectfully requests that the Examiner initial the corrected patent number on the attached form so that the correct patent number appears on the issued patent.
